

Setup

Install the Rave Guardian app from the Google Play Store or the Apple App Store.

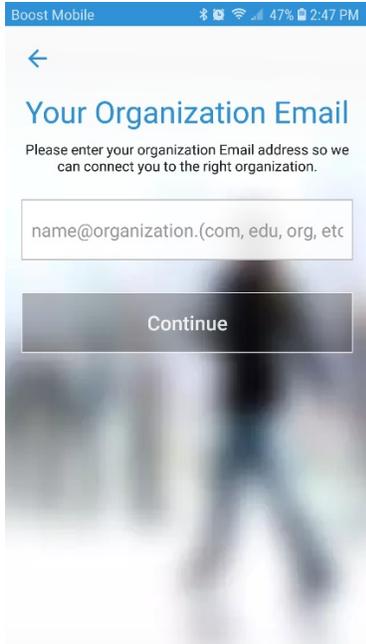

After opening the app, you will be prompted to enter your mobile phone number. Enter your mobile phone number and click Continue.

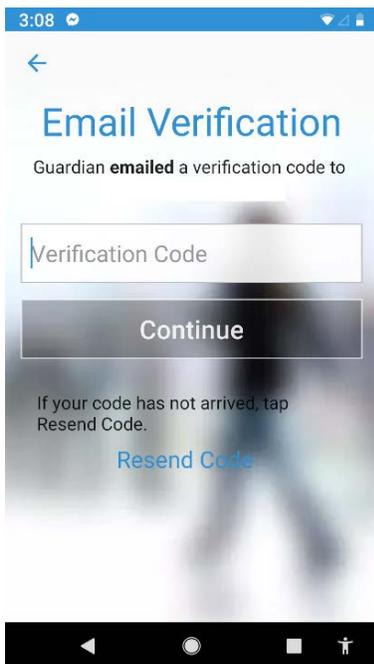

A verification code will be sent to the number you entered. Enter the verification code, select the check box to agree to the Terms and Conditions, then click Continue.

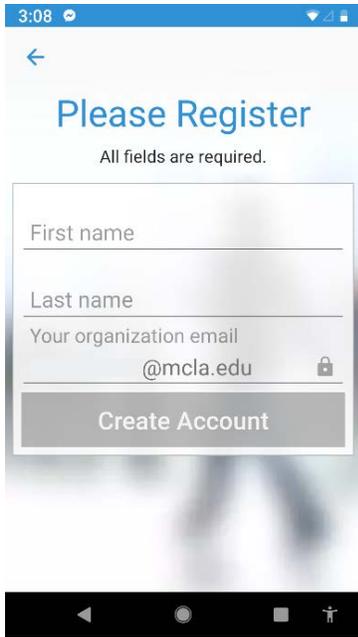

Enter your school email address to link the app to your MCLA and click Continue.

A verification code will be sent to the email you entered. Enter the code and click Continue. This will look similar to the page where you verify your phone number.

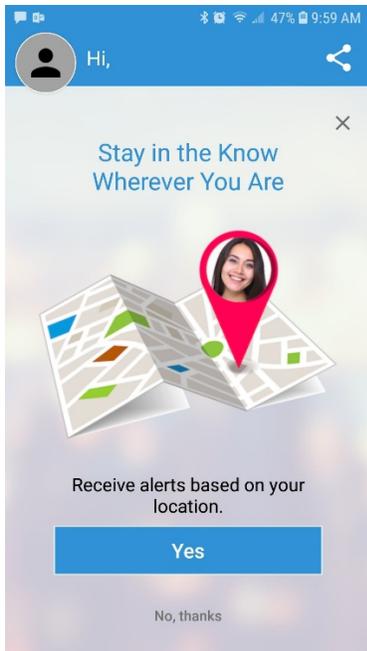

Next you must complete the account registration. Enter your first name and last name and click Create Account.

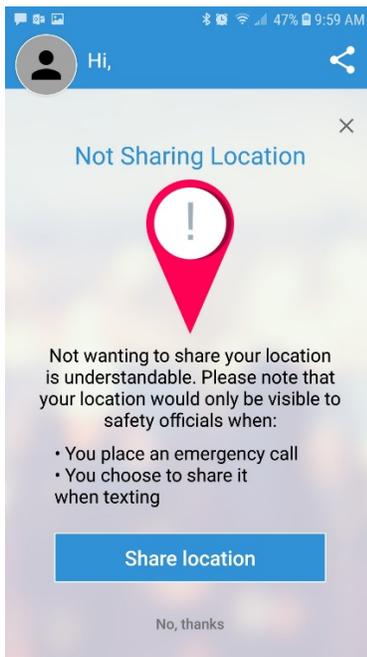

The app will greet you with some information and recommendations. Click the profile icon in the top-left corner to go to the home page.

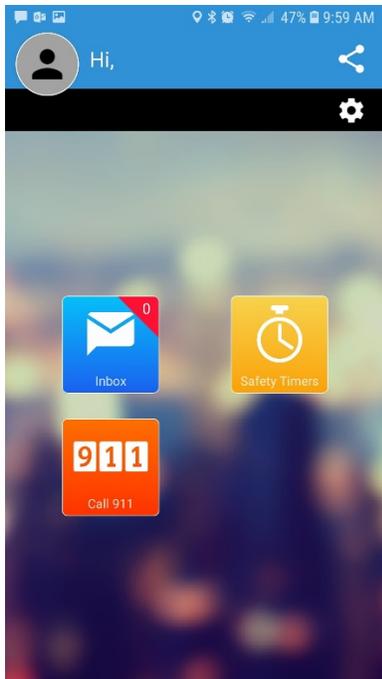

The app will ask if you would like to receive notifications based on your location. You can select yes or no.

The app will ask if you would like to share your location or not. It would only be visible to safety officials in case of an emergency. You can select yes or no.

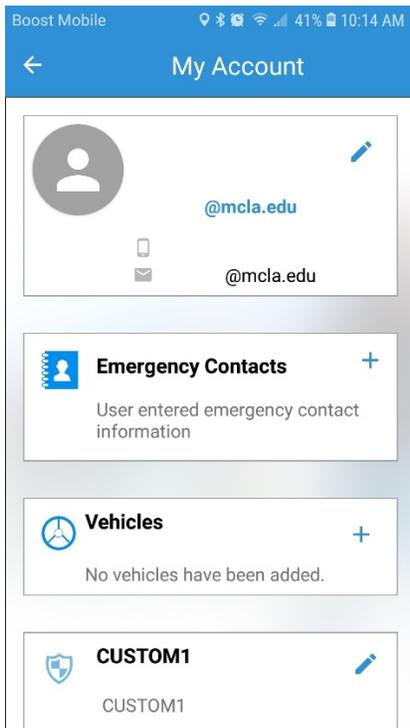

On the Home page, you will see your alert inbox, safety timers, and a call 911 option. You will also see the app settings option on the top-right and the account options on the top-left.

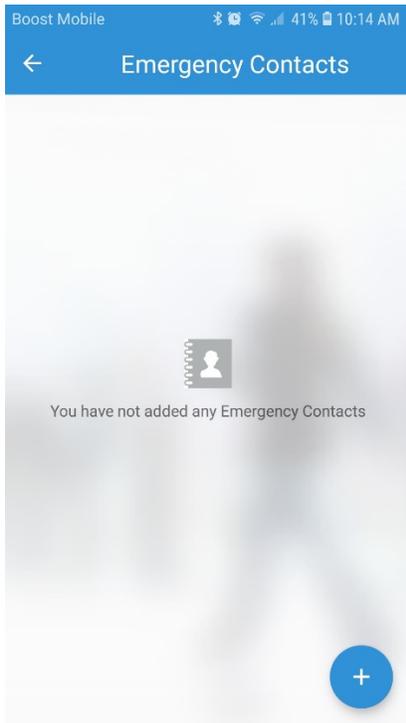

Emergency Contacts

To add an emergency contact, click the profile picture icon in the top left corner of the home page.

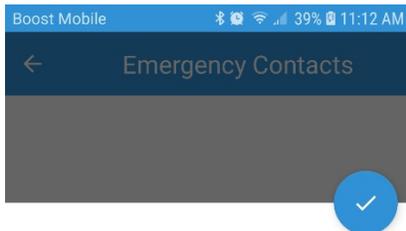

Click the plus button in the Emergency Contacts box.

On the next page, click the plus button in the bottom-right corner.

A menu that says Add Emergency Contact will pop up. Enter the person's first and last name, their relationship to you, and enter 2 of the 3 options listed. You can add a mobile phone number, a landline number, or an email address.

Add Emergency Contact

First Name *

Enter the mobile number

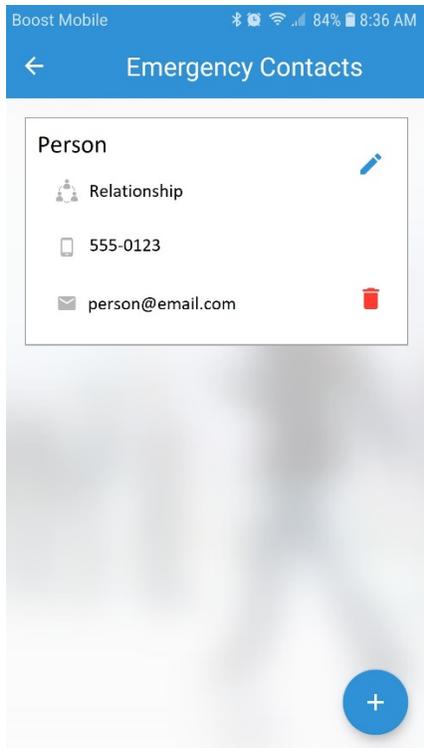

Mobile Landline Email

Enter the mobile number

Mobile Landline Email

Click the check icon at the top of the menu to add them as an emergency contact.

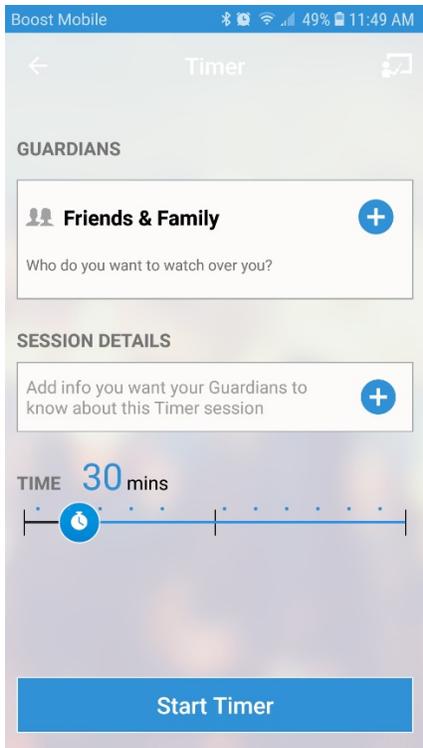

Clicking the pencil icon next to their name will allow you to edit their contact information. You can also click the trash can icon to delete the person from your emergency contact list.

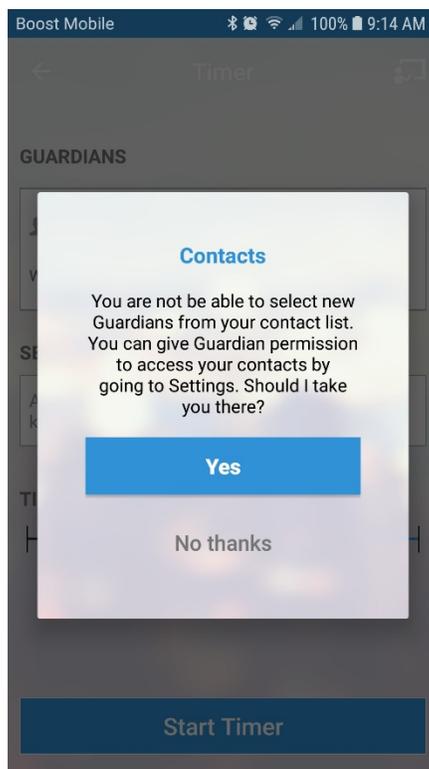

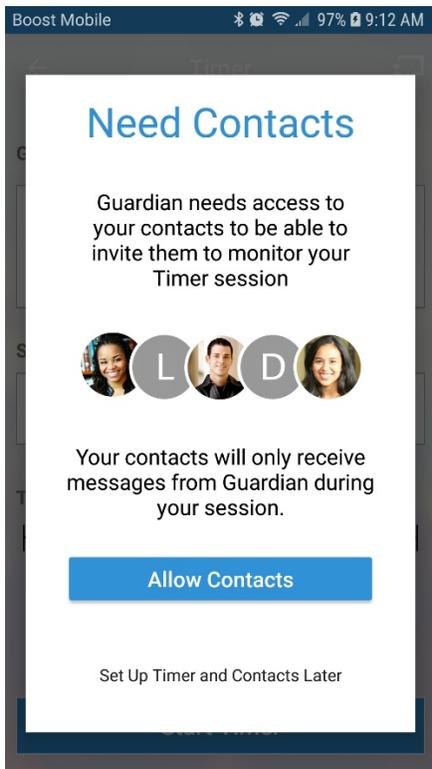

Safety Timers

On the Home page, click the Safety Timers icon.

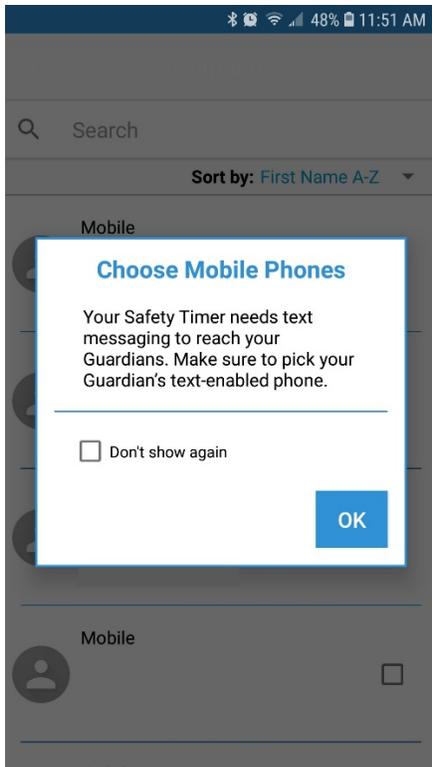

On the Timer page, under the Guardians header, click the plus button to add people who will be notified by this timer.

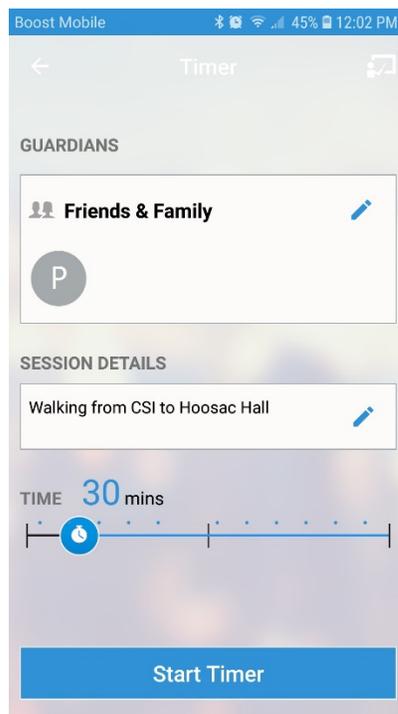

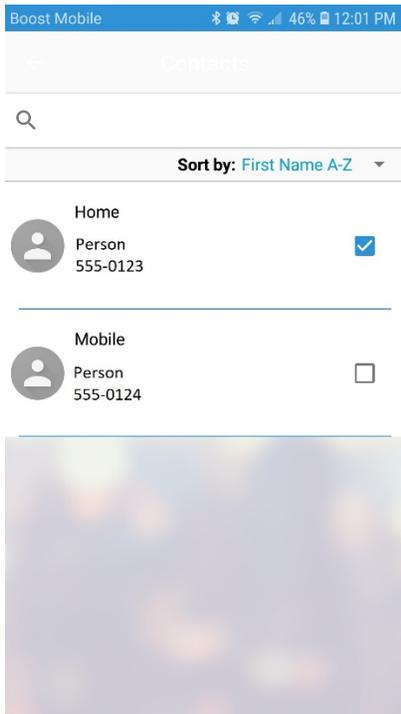

Allow the app to access your contacts. Then, click No Thanks on the next pop-up window.

On the pop-up window titled Choose Mobile Phones, click Okay.

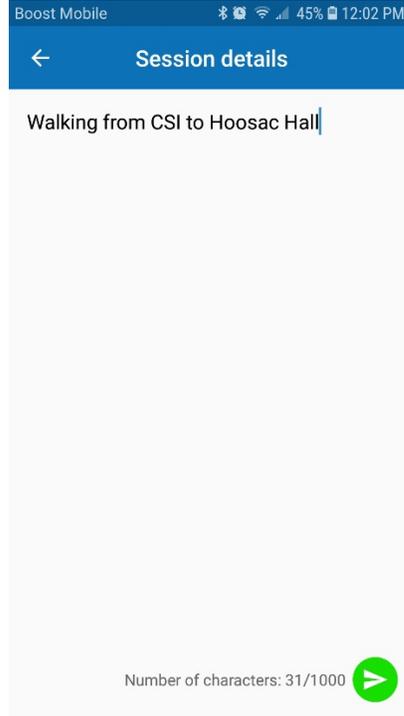

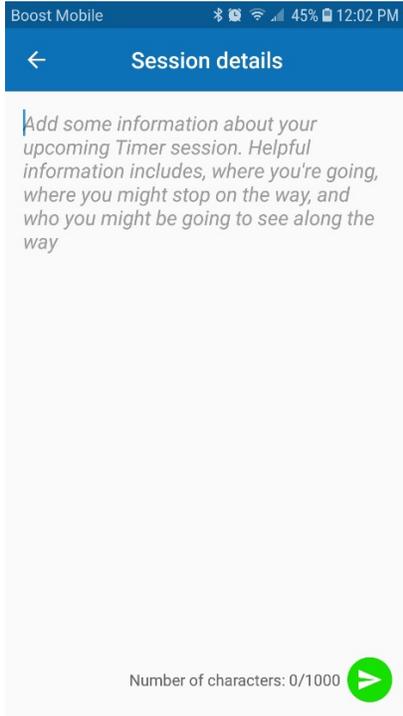

Select the check box next to the guardian or guardians that you want to have notified by the timer. After they are selected, press the back arrow in the top left corner until you get back to the Timer page. The contact or contacts you added will be listed in the Friends and Family box.

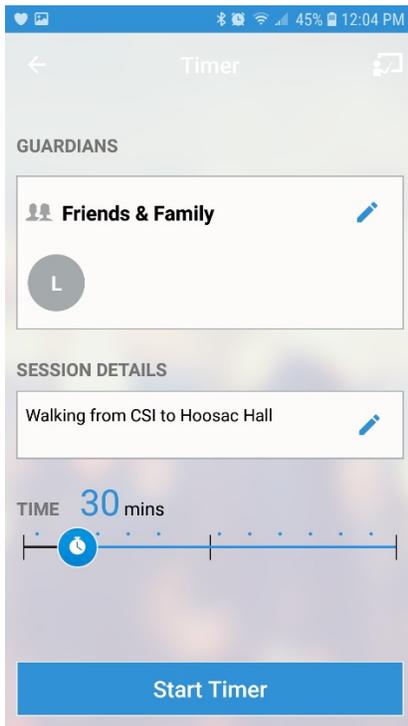

Click the box under Session Details.

Enter some details about what you will be doing during the duration of the timer, such as where you are going to, where you are coming from, paths you will take, etc.

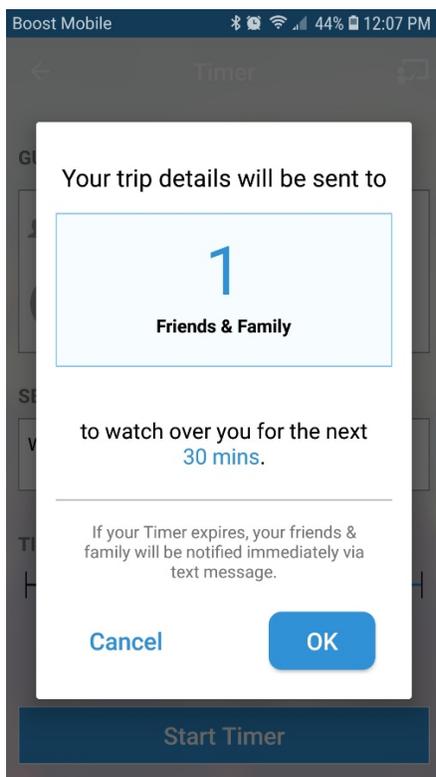

Press the green arrow icon in the bottom-right corner to enter the session details.

Under the Time section, use the slider to adjust the amount of time the timer will run for.

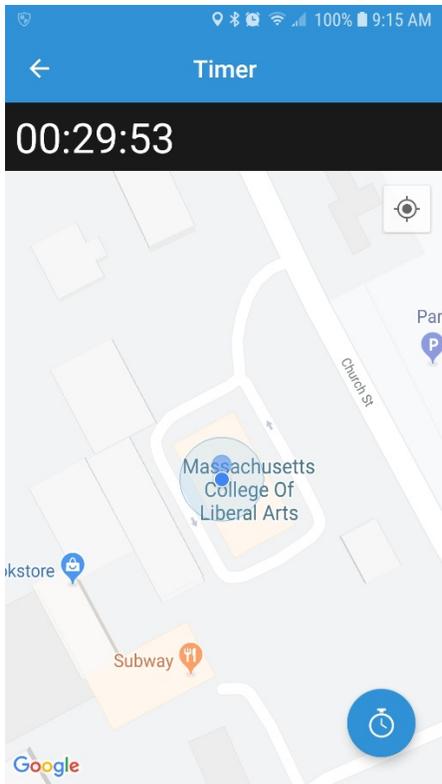

Click Start Timer at the bottom of the page.

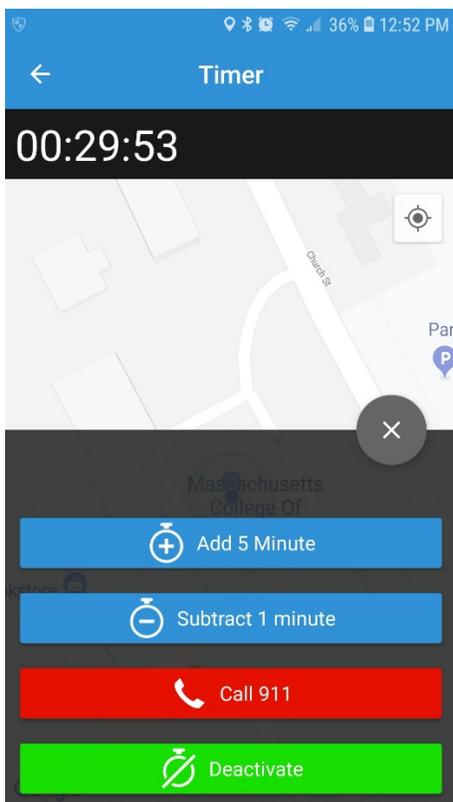

Confirm the details of the timer by clicking OK.

Another page will appear with the timer counting down and a map of where you are.

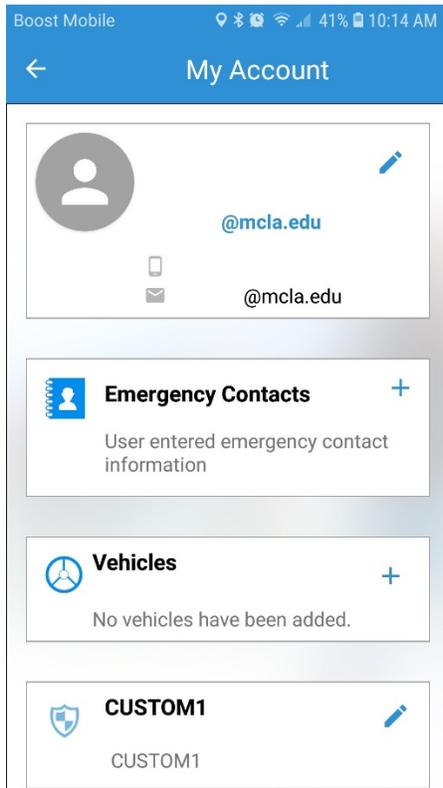

Clicking the stopwatch icon in the bottom-right corner will bring up options for the timer. You can add time, subtract time, call 911, or deactivate the timer.

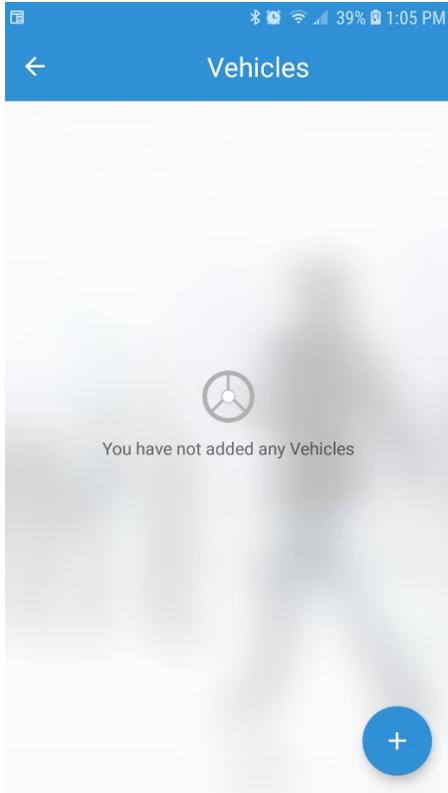

Vehicle

To add a vehicle to your account, first click the profile picture account in the top right corner of the Home page.

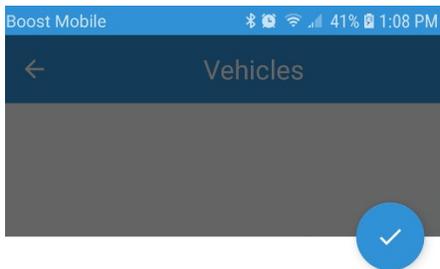

On the My Account page, click the plus icon in the Vehicle box.

Click the plus icon in the bottom-right corner of the vehicle list page.

A menu will come up that says Add Vehicle at the top. Enter the make, model, color, year, license plate number, and the license plate state.

Add vehicle

Make *

Model

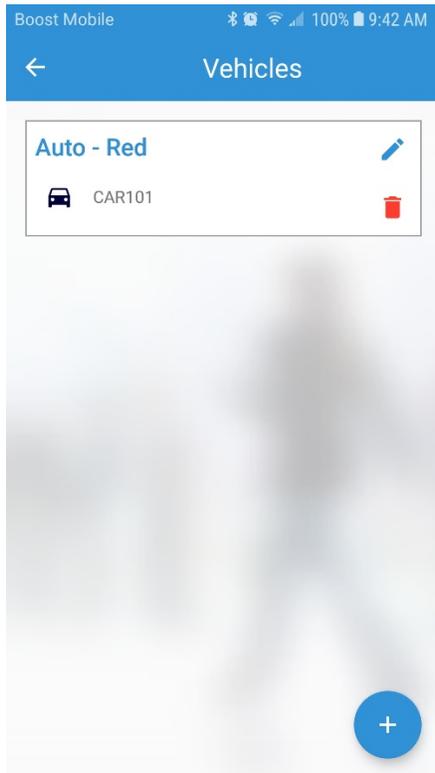

Color *

Year

License Plate

License Plate State

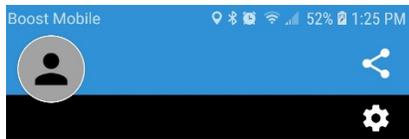

The vehicle is then added to your list on your account. You can click the blue pencil icon to edit the car information or click the trash can icon to delete the vehicle from your list.

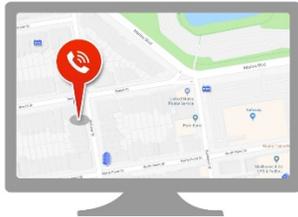

Calling 911

On the Home page, click the Call 911 button.

On the next page, you can check or uncheck the option to share your location with Safety Officials.

Call Call 911

Share my location with Safety Officials during this call

Place Call

Cancel

Click Place Call to automatically dial 911.

You will be put in contact with the authorities.

Alert Inbox

The inbox will show you a list of safety alerts relative to your area. Alerts can be displayed in a list or on a live map of your surrounding area. Use the 2 buttons in the top-right corner to switch between the different views.

No alerts to show.
